## TROTTING HORSE MEN

WHO WANT AN ORGANIZATION SIMILAR TO THE JOCKEY CLUB,

At a Meeting Last Night It Was Decided to Incorporate the New York State Trot-

ting Board-Amendment to the Percy Bill A meeting of prominent trotting-horse men was held last night at the Murray Hill Hotel, for the purpose of organizing a corporate body to supervise harness racing in this State under the pending Percy bill which, it is ex-pected, will soon become a law, the sured from its make-up, which is as follows:

plan being to form a club somewhat similar to the Jockey Club of the running turf, and secure an amendment to the Percy bill giving the organization authority to license trotting associations throughout the State.

The meeting was called at the suggestion of Lawrence Kip, August Belmont, David Bonner, and President Andrew Miller of the Driving Club of New York. Those present were: Col. Kip, A. Alley Bonner, D. S. Hammond, J. C. De La Vergne, David Bonner, H. R. Murray, exulty service in the probability of the suggestion that fortised H. M. Whitehead, John Rudd, Hamilton Busby, S. W. Taylor, Jr., and Burt Sheldon of grounds. Busby, S. W. Taylor, Jr., and Burt Sheldon of Buffalo.

Everybody present seemed to be in sympathy with the Percy bill, which, while it does away with bookmaking, permits the giving of stakes, sweepstakes, and private match races.

While some opposition was developed to the plan of conferring upon a corporate body the authority to license trotting tracks, John Rudd, who is a prominent member of the New York Driving Club, opposed this plan on the ground that such a course is unnecessary.

He said that all the 100 or more trotting tracks in the State were in good standing with the National Trotting Association, and that this ought to be sufficient assurance of their respectability. After some discussion it was decided to incor-

porate under the name of the New York State Trotting Board, and defer until a later date the exact definition of the objects of the or-All the horsemen present except Rudd signed

the articles of incorporation, and agreed to work in the interest of sending a strong delegation of in the interest of sending a strong delegation of representative horsemen to Albany on the occasion of the next hearing of the Percy bill.

The Board of Directors of the Trotting Board will be made up of Harry Hamlin, Buffelo; J. H. Shoemaker, Elmira; Dean Sage, Albany; Henry C. Jewett, Buffalo; D. S. Hammond, New York city; M. G. Thompson, Utlea; A. N. Brady, Albany; Jacob Ruppert, Col. Lawrence Kip, Charles Bachman, J. C. De La Vergne, H. R. Murray, H. O. Havemeyer, E. H. Harriman, John H. Shults, and Andrew Miller, all of New York city.

H. Harriman, John H. Shults, and Andrew Miller, all of New York etty.

All the breeders and owners named above who were not present at the meeting sent letters or telegrams expressing assent to the movement. The trotting-horse men are a power in this city and State. It is probable in the light of last night's proceedings that the proposition to create a licensing Board will stir up a family maddle.

muddle.

Messrs. Rudd and W. R. Fasig, as well as several other members of the Driving Club of New York, are known to be radically opposed to any such plan, and, unless they can be made to see matters in a different light, it is likely they will oppose the license system to the last ditch.

## DURYEA MAKES A STATEMENT. His Pacing Filly Had a Name, but She Didn't Work in 2:10 1-2.

Peter Duryea, who bought the pacing filly Silver Bond, by J. J. Audubon, out of Doily, better known as the Phoenix mare, the dam of Bush, 2:14%, and sent her to California to Orrin Hickok to prepare for the coming campaign. called at THE SEN office yesterday to find fault

wood reads: "Chestnut filly by a son of Alcyone, Whether that entry was made by Orrin Hickok dam Dolly; O. A. Hickok, San Francisco, Cal." or Peter Duryea is not known, but there certainly was some object in not giving the name of the filly—either the name she bere when she was sold or the name she received "three months ago," to quote Mr. Duryea. Everybody connected with the filly knew that she was by J. J. Adubon, but why was not the name of the horse given instead of making it read "by a son of Alcyone?"

# DOBBINS HAS BEEN RETIRED.

Will Not Be Trained Further-Jockey Simms Sails To-day.

Word comes from Florida that Mr. Croker has received assurances from his trainer, Hardy Campbell, that Dobbins is not in condition to train, as his ailing leg has been troubling him ever since he reached Newmarket. Mr. Croker

sever since he reached Newmarket. Mr. Croker sent word to Campbell at once to make no further attempt to prepare the great horse for his English engagements, and he will be placed in Mr. Lacy's stud and the mares owned by Mr. Croker bred to him.

This is had news for American racing men, who had hoped against hope that Hobbins, the best race horse in the Dwyer-Croker stable, would stand training and would be able to give Isinglass, Ravensbury, Hest Man, Lades, and all the other English cracks a race any time he met them. Dobbins was the reliance of the American contingent for the Ascot Gold Cup, the Chester Cup, and other big events, and now that he is out of the way Don Alonzo must bear the brant of the battle.

Jockey William Simms will go abroad to-day in the Majestic, accompanied by his valet Jackson. Simms is perfectly reconciled to riding in England during the approaching season.

There is no chance of any of the Dwyer-Croker horses being ready for their early engagements, as Campbell advises his employees that the weather is too cold to do much work as yet. His lastructions are not to hurry any of them. Mesars, Dwyer and Croker are expected to sail for Liverpool about the middle of March.

HARVARD'S ATHLETIC COMMITTEE Take Action Upon the Faculty's Vote to

Abolish Intercollegiate Football, BOSTON, Feb. 26. Harvard's Athletic Commitee met at the house of Prof. J. P. Ames last evening and took action upon the recent vote of the faculty desiring them to abolish intercollegiate football. The committee wish their action kept secret until the result is communi cated to the meeting of the faculty, which will

be held a week from to-day. That the committee voted not to acquiesce in plan being to form a club somewhat sim- Prof. James B. Ames of the Law School, Chair-

To comply with the wish of the faculty, the Athletic Committee will be, in a measure, disobeying an order put in a mild form. The committee is a creation of the corporation, and as such the faculty have no nower over it. If a request came from the corporation, or overseen, the committee probably would feel obliged to acquiesce, but as it is the vote of the faculty can be treated as a request only.

### COURTNEY MARKS THE COURSE. Something that Cornell Crews Have Needed

on Cayuga Lake, ITHACA, Feb. 26, The extreme cold weather during the last few weeks has been a direct benefit to the Cornell crews. It is very seldom that the Ithaca end of Cayuga Lake is frozen over for any considerable length, but this month it is frozen over a distance of five miles. Coach Courtney has always regretted the fact that

there were no accurate surveys of short and long courses. Surveys have been made in the spring, and an old stump of some kind has been spring, and an old stump of some kind has been designated as a beginning, a broken tree as the middle, and some other landmark as the end of a certain course.

Taking advantage of the ice, Courtney, in company with two surveyors, marked out courses of several kinds, it was with great bleasure that he discovered the fact that on the west shore of the lake a straightaway course could be laid out for one mile and 550 vards, the same distance as the Henley regaits course, and near enough to shore so that the various markings on the perpendicular cliffs could be plainly seen by the coxymins. The following dimensions were marked off: 300 feet, 500 feet, 500 feet, 500 feet, 500 feet, 500 feet, 500 feet, one mile, one mile and a quarter, and one mile 550 yards. Courtney, in expressing his views on the course, said: "The coxymins will know where they are now at all times, and the dimensions are marked so plainly that the boats can be timed for any part of the whole course."

There is not much to report in the way of improvement in the crew candidates, as is grippe has made invoads on the men and there are scarcely two squads capable of good work. There has been a general shake-up, however, because of a disposition shown by some of the men to be tardy at practice. designated as a beginning, a broken tree as the

## WATER POLO CHAMPIONSHIP. The Chicago A. A. Cau Name the Condi-

tions and Date. The controversy between the New York A. C. and the Chicago A. A. on the subject of water polo turns out to be nothing more serious than a storm in a teacup. Advocates of the championship match on both sides have discovered that a policy of mutual concession is the most promising alternative, and they are now vying with with some of the statements concerning the fach other in self-sacrifice. The latest letter from Secretary E. Walter Herrick of the Chicago A. A. to John C. Gulick of the N. Y. A. C., is as follows:

is as follows:

Your valued favor of the 18th inst., in reply to one proposition to play your chie one game of water pole for the champious up of the United States, has been received. We regret that we misunderstood the time for the game specified in your former letter, and invomodified our terms accordingly. We are also ready to waive all questions as to whether one or three games should be played and wiether these should all be played at your tank or not.

We now propose to play you according to your own terms for two out of three games in your own terms for two out of three games in your own tank on April 1, 12, and 12, 18th. Kindly advise us of your acceptance at your earliest convenience, with such suggestions concerning details as may occur to you.

see all hundred persons saw Silver Bond work a quarter in 31½ seconds at Poughkeepsic the day of the sale. Mr. Duryea finds no fault with this fact, but he does with John Monagian's statement that the filly showed a haif in 1:02 and a full mile in 2:10½. The SCS quotes Trainer Monagian, who says: "The told, too, that Hickok worked her a haif in 1:02 after he got her, and that she paced a mile in 2:10½ in her work at Buffalo."

Mr. Duryea says that the fastest mile the filly worked was in 2:30 and he did not know whether she was "all out or not." He did not say whether there was any desire to deceive the fully further said that he did not now own the filly, merely owning her racing qualities, having madcher a present to the wife of an intimate friend after whom she had been named. for the championship meeting at Newport.

In a recent match between Cathoun Cragin of the New York Tennis Club and J. Parmiy Paret of the Morris Park Tennis Club, which was played last week at the Seventh Regiment Armory, Paret won by three-sets to one. The score was: J. P. Paret beat C. Cragin, 6. 3, 6. 8, 6. 4, 6. 2. In a previous match of the best four out of seven sets, each one won three, and the deciding set was not finished on account of an accident to Paret. The scores then were: Cragin vs. Paret, 4. 6, 6. 4, 0. 6, 6. 3, 4. 0, 6. 3, 4. 1 (abandoned).

A rumor was circulated a few seconds. for the championship meeting at Newport

accident to Paret. The scores then were: Cragin vs. Paret, 4-6, 6-4, 0-6, 6-2, 4-6, 6-3, 4-1 (abandoned).

A rumor was circulated a few weeks ago that a team of English players to be composed of W. Baddeley, both of the Renshaw brothers, J. Pim, H. S. Mahney, and M. F. Goodbody, had been made up to play in America next year, but this has been found to be inaccurate. It was said to have come from one of the Canadian contingent in New York for the National meeting early this month, but upon investigation it was discovered that no definite information had been received about the Englishmen's plans for an American campaign next summer further than that printed in The Sun of Jan. 27.

New officers of the West Side Tennis Club for 1895 have been elected as follows: President, Charles B. Collins; Secretary, Charles X. Cordier; Treasurer, Harry Canfield; Captain, Arthur Taylor, and additional members of the Executive Committee: John B. Brown, Eliot D. Dinsmere, Armitage Mathews, and Oviedo M. Bostwick. The club has been trying to secure more ground for additional courts, but without success. Until greater facilities can be added the limit of membership will not be raised. The club is now full and has a small waiting list. It has only four courts.

As far as can be learned now, there will be no open tournaments in Florida this year. The Lampa Bay and Magnelia Springs Tennis clubs have both abandoned thoir fixtures this spring, and the St. Augustine Tennis Club has made no arrangements as yet for thoir usual meeting. The Gates City tropby, representing the troplical champtonship, was woo last year for the third and if mad time by Oille Campbell, and no efforts have been made to secure a now challenge cup for competition. It is still possible that a tournament may be arranged at the last moment, but no date has been applied for, and it would be difficult to get many Northern players to center at this late day. ## The Shrewsbury Ice Yacht Wins,

RED BANK, Feb. 26.-Many persons interested in ice yachting were out to-day notwithstanding the gale of wind that prevailed. The first race of the series of three for the New Jersey State championship pennant was called for So'clock this morning, but the wind was so high that with reefed sails the yachts could not be kept on the ice. The Burlington yacht Vixen, which is a jib and mainsail boat, had to doublereef the mainsail and substitute a little storm jib for the regular one. The North Shrewsbury Club representative, Georgie, tried several rigs,

Club representative, Georgie, tried several rigs, and finally took a small lateen sail from Charles Burd's Zip. With this she was able to sail in good shape. Other vachts simply used a jib and went fast enough for most folks.

It was exactly 1:26 in the afternoon when the Vixen and Georgie finally got away. The course was twenty miles, or eight times over the triangular club course of two and a half miles. The Georgie was soon in the lead, and except on two rounds, when she acted badly, gained steadily and won the race in 42 minutes and half a second. The Vixen was 1 minute 3 seconds behind. This race counts, as it was made within the time limit of 1 hour 15 minutes.

The second race will be sailed to-morrow morning at 90 clock, and in case the Burlington boat wins the deciding race will be sailed within two hours of the finish of the previous one.

### ANOTHER INTERNATIONAL CONTEST. England's Smart Half-Rater Will Probably Come Here and Race.

The second regular meeting of the Seawanhaka Corinthian Yacht Club was held last street. About thirty members were present. Commodore E. C. Benedict presided, as usual, white H. W. Hayden acted as Secretary.

The principal business brought before the meeting was the announcement by one of the members that J. Arthur Brand of 32 Gresham street, London, England, was desirous of bringing his crack half-rater Spruce III., the winner of over fifty prizes last season, to America next summer to race, and if possible would like the Seawanhaka Corinthian Yacht Club to take charge of such contests. The idea seemed to strike the members favorably.

If a series of races is arranged two members of the club have promised to build, and before the Spruce III. arrives it is thought quite a fleet will be ready to meet her. The club itself will offer a prize, and if these races are arranged all of the clubs on the Sound will probably offer prizes

a prize, and if these races are arranged all of the clubs on the Sound will probably offer prizes for the tiny firiton to race for.

The whole question was finally left to the Regatta Committee with power to act, and they will immediately communicate with Mr. Brand. The spruce lift, is one of the fastest small boats in England. She is 15 feet 6 inches on the water line, 24 feet over all, 3b; feet beam carries 190 square feet of canvas, and 190 pounds of lead on a weighted centreboard.

Charles W. Wetmore, in behalf of the Regatta Committee, submitted a report on the action of the newly formed Sound Yacht Hacing Association, and it was decided to appoint a committee of five members and authorize them to cooperate with similar committees from other clubs to arrange for uniform rules, measurement, classification, and racing courses for clubs on the Sound. Commodore Henedict then appointed the following committee: W. P. Stephens, A. Cass Canfield, John Hyslop, Oliver E. Cromwell, and Leon F. d'Oremieiux.

Robert Center, Clurenes Goodby, and J. Howerd Wainwright, the Committee on Lectures and Entertainments, announced that an entertainment consisting of music, which will be followed by other interesting features, will be held at the club house on next Saturday evening at 8:45 o'clock. It will be followed by a supper.

Ever since Jem Smith was defeated by Ted Pritchard for the championship of England he has been anxious to regain his faurels, but Pritchard has refused to arrange a match until resterday, when, according to a cable to the Police Guzette, a match was made in London for a finish fight at each weight for 2200 a side on May 10 next. Fifty pounds were posted, Pony Moore backing Pritchard and Jack Suffon finding the mency for Smith. The Bolinbroke Club has offered a purse.

Johnny Grant of this city has an idea that with his knowledge of pugilism he can whip Marite McCue, the boxer, who has lately sprung before the public as a possible future feather, weight champion. Johnny onlied at Fift, Serveight champion, Johnny called at Fift, Serveight champion, Johnsy called at Fift, Serveight champion, Johnsy called at Fift, Serveight champion as a possible future feathering strictly to the rules of regular living, and he certainly appears to be in great shape. As far as outside backing is concerned, trant can get as much as the next man.

Reston, Feb. 20. Steve O'Bennell was to-day enaged to meet Jake Kiirain at the Suffelk Club, March 18, to take the place of Peter Maher, whose engreement the club cancelled because of his recent fake fight with Jim Hall. The New York Athletic Club telegraphed to-day asking if Johnnie Griffin would meet George Dizon at the club's rooms on March 4, for \$300, winner to take all. The presumption is that the club wants the men to light six rounds. Dixon has agreed, Griffin could not be found.

There will be no meeting by the first could not be found.

There will be no meetings between Tommy Ryan and Tom Tracy and Joe (hoynek! and Dan Creedon, which was proposed recently. Parson liavies, the manager of Choynek! and Ryan, wired to this city that he had made up his mind to go abroad and that nothing now could alter his determination. It was suggested to have the two affairs held before the Atlantic A.C. of Coney Island for a division of the gate receipts. If nothing intervenes, lavies says, Ryan, Choynek!, and himself will be passengers on the Etruria, which sails for England next Saturday.

# BULLIPAN AS A LECTURER.

Col. Chandler Wants Him to Sign the Pledge and Talk Temperance, JACKSONVILLE, Feb. 26, - Col. K. D. Chandler of this city, late last night, tried to get an interview with John L. Sullivan with a view to inducing him to sign the pledge. Sullivan declined to see him, so Chandler addressed this note to the ex-champion:

the ex-champion:

I am Deputy Grand Worthy Patriarch of the Sons of Temperance for the Nexte of Florida and also State Lecturer. I need an assistant in my work. Now, my dear sir, if you will be kind enough to name the time and place for an interview, provided I am side to the duce you to join one of our temperance divisions in his place, I will be ready to contract with you to travel with me, lecturing in the temperance cause.

Sulfigure sent word from his recomming the St.

this place. I will be ready to contract with you to travel with me, lecturing in the temperance cause.

Sullivan sent word from his room in the St. James Hotel that he would grant Chandler a meeting this morning, but the big fellow failed to come to time. Chandler has been slitting on the front porch of the hotel all day patiently waiting for John to show himself. The exchampion is sobered up, but has not left his room since he went to it on Monday at noon. In this matter of a temperance deal with Sullivan Col. Chandler is thoroughly in earnest, and he declares that the combination of Sullivan and himself would be greeted everywhere with crowded houses.

"There are thousands of respectable people in the country who would be giad of the opportunity to see Sullivan." and Col. Chandler, "who are practically debarred now by the character of the audiences that they know go to see Sullivan in his semi-vandeville, semi-boxing shaws. Just throw over him the temperance mantle, a mantle of respectability, and you at once sift out the tough scort and the hoodlum and make it nossible for halos to see him.

"I would not have Suffixan come with me, mind you, unless he honestly took the piedge, Let him do that and Sam Jones would be small potatoes compared to us on the question of filling houses.

A man named Rogers, representing Sullivan, called at the Sheriff's office this morning to ex-

polatoes compared to us on the question of filing houses."

A man named Rogers, representing Sullivan, called at the Sheriff's office this morning to examine the contents of the select trunks suspecting that tarney, the property man, and Murphy, the valet of the late troupe, had taken some of John L.'s clothing. The trunks were opened and found to contain nothing except clothing. Rogers, however, said that the best of Sullivan's suits were missing, and all the old and worn ones were left. It is the intention of Sullivan to have the two men arrested on their arrival in New York foday and held until an investigation can be had.

Sullivan to day received a telegram from the Beston Athletic cluboffering him a guarantee of Sono to meet kilram in a giver contest, each to take half of the receipts. He has not replied to it as yet. He is telegraphing to his friends in various parts of the country for funds to start out on the road again with a new company.

CHAIRMAN GIDEON INVESTIGAT-ING

### He Has the Case of Charles T. Earl of the Kings County Wheelmen in Hand.

At the end of the indoor bicycle tournament held at Philadelphia last December, charges were made that several class A riders had been paid for recent performances upon the track, ctably Charles T. Earl of the Kings County Wheelmen of Brooklyn. The old Bacing Board of the L. A. W. were unable to obtain any evidence sufficient to warrant an open investigation at the time, but Chairman Gideon of the sent Board has secured evidence of the violation of class A rules by Earl, and has started an investigation. The following communication has been sent to Earl by Chairman Gideon: You are accused of receiving expenses and other moneys as a result of your winning several races in Philadelphia in December last, and have thirty days in which to reply and prove to the satisfaction of this board that you have not violated the rules of the L.A. W.

E.A.W.

Earl says he can prove that he has violated no rules and will at once forward to Chairman Gideon affidavits of his innocence.

The annual meeting and election of officers of the Kings County Wheelmen will be held on March '!'. J.S. Bowdish and Frank Blauvelt are candidates for the Presidency. The organization expect to have their new home ready for occupancy by May!

Hogan had the best of the weight, but, much to the surprise of every one, he did all the righting. In the first five rounds it was give and take, and just as the gong was about to sound Hogan upper-cutted Murphy on the law.

After that it seemed Murphy was not so anxious to mix it up. From that time on Hogan did all the leading, but there was no force to his blows. Both men were on their feet at the end of the tenth round, and Hones Johnny Murphy awarded the fight to Hogan. There were about 1,000 present.
